# Water

Stored Pressure Fire Extinguisher

Water, the best fire extinguishant suited for combating fires involving ordinary carbonaceous materials like wood, paper, cloth, rubber & jute. Water extinguishes fire rapidly by striking, instant cooling & quenching effects.

**Note :** Check 3D Hologram on Firestop Fire Extinguishers for Genuineness.

## PERFORMANCE DATA

| MODEL                       | FEW9          |
|-----------------------------|---------------|
| Capacity (In Ltrs.)         | 9             |
| Fire Rating                 | 3A            |
| Average Discharge Time      | 25 sec        |
| Height (Approx.)            | 60 cm         |
| Diameter (Approx.)          | 175 mm        |
| Gross Weight (Approx.)      | 12.5 Kgs      |
| Operating Temperature Range | +5°C TO +55°C |
| Service Pressure            | 15 Bar        |
| Maximum Service Pressure    | 16 Bar        |
| Test Pressure               | 35 Bar        |
| Certification               | BIS (ISI)     |

## FEATURES

- Stunning looks & Design
- High Quality Powder Coating
- Squeeze Valve for easy to use
- ISI Marked

## SUITABLE FOR CLASSES OF FIRE

Firestop fire extinguishers are guaranteed against any manufacturing defects.  
Design & specification may be changed without notice in view of technical upgradation.
